## About The Global Trade & Innovation Policy Alliance

The **Global Trade and Innovation Policy Alliance (GTIPA)** is a global network of independent think tanks who share a common vision that trade, globalization, and innovation—supported by important and proactive role of governments—can produce tremendous benefits for the world's citizens. It further exists to collectively amplify members' voices, and to enable them to learn from one another, on trade, globalization, and innovation policy issues.

22 countries  
30+ Think Tanks
